Dear Maitri,

We would like to express the strong interest to host in Trieste the **2019 C&CC meeting**.

Since Trieste has been selected as the European City of Science in 2020 by the European Science Open Forum (ESOF), the event can be also part of the preESOF meetings (<http://www.proesof2020.eu/>) that are organized by the Fondazione Internazionale Trieste, (FIT) whose President (prof. Stefano Fantoni) is also signing this Letter.

SISSA will be glad to provide the meeting rooms of the event, information technology and administrative assistance.

Our big meeting room, situated on the 7th floor of SISSA Main Building, offers a wonderful view of the city of Trieste and can host 42 persons. We can also provide bigger rooms like the “Cinema” room situated on the 1st floor which can host 112 persons or the Main Lecture Hall with a capacity of 500 persons. All our rooms have a full multimedia equipment. Our highly qualified administrative and technical staff will be at the disposal of the delegates before and during the event.

Even if SISSA Campus is located in a beautiful green upland surrounding the town called Carso, it is not far from the city center (10 minutes by car or bus). Costs of accommodation in Hotel go from about 100 to 190 euros per person per night, but more convenient solutions are also feasible (Guesthouse or B&B).

“Consorzio per la Fisica” (whose President is prof. Fantoni), together with FIT, will pay for the welcome reception (for delegates and any invited guests) on the first day, for the lunch, tea and dinner (for delegates and any invited guests) on the second day, for tea and lunch on the third day and of the transport from the accommodation to the meeting venue.

THE DIRECTOR

SISSA
